

CHI Diafos于1987年荣获Compasso d`Oro  
奖，是全球第一款半透明的三维装饰透光  
耐火板.

ENG Awarded the Compasso d`Oro in  
1987, Diafos was the first translucent  
laminated with three-dimensional  
decoration.

# Diafos

CHI 创新，研究，传承，这些都是Abet Laminati设计研发装饰建筑材料背后的要素。

ENG Innovation, research, heritage: these are the ingredients behind the new Abet Laminati design and architecture material.

CHI Diafos 透光板系列从远方再次出发，以全新的面孔回归。Diafos 透光板系列是意大利ABET LAMINATI公司在1987年首次推出，如今以全新的装扮，尺寸和颜色隆重推出。该系列还带有两位意大利著名设计师/策展人Giulio Iacchetti和Matteo Ragni的签名。

ENG Diafos starts from afar and arrives on the market with a new and contemporary face. Diafos is the laminate produced for the first time in 1987 by the Bra company and has now been re-proposed in a new guise, sizes and colours. A collection signed by the design curators Giulio Iacchetti and Matteo Ragni.

CHI Diafos于1987年荣获Compasso d'Oro奖，是全球第一款半透明的三维装饰透光耐火板。

ENG Awarded the Compasso d'Oro in 1987, Diafos was the first translucent laminate with three-dimensional decoration.

CHI 像它的前身一样, Diafos 是设计文化之旅的成果, 不是物体适应物质, 而关注物质本身, 从而设计创造最多样化的家具和配件。

Diafos 是那些想尝试的与物质和光, 让光线直射而没有产生透明效果, 反而可以感知颜色的设计师的理想方案。

ENG Like its predecessor, Diafos is the result of a journey through the culture of design where objects no longer have to adapt to matter, but it is matter itself, designed to create the most diverse furnishings and accessories.

The ideal solution for those who want to experiment with matter and light, letting light go through without getting a transparent effect, implementing on the contrary use of colour.

Compasso d'Oro ADI金圆奖是最古老的奖, 但也是最重要的, 最权威的世界设计奖

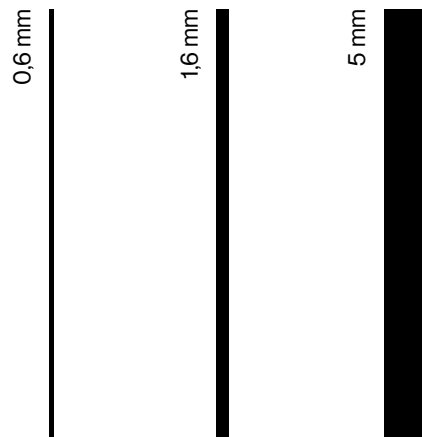

The Compasso d'Oro ADI Award is the oldest, but above all, the most authoritative world design award.

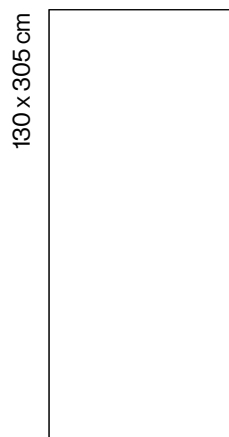

CHI Diafos成为主角: 是建筑师和设计师们真正的“开放”设计工具.

ENG Diafos becomes the protagonist: a real “open” design tool for architects and designers.

厚度  
Thicknesses

尺寸  
Size

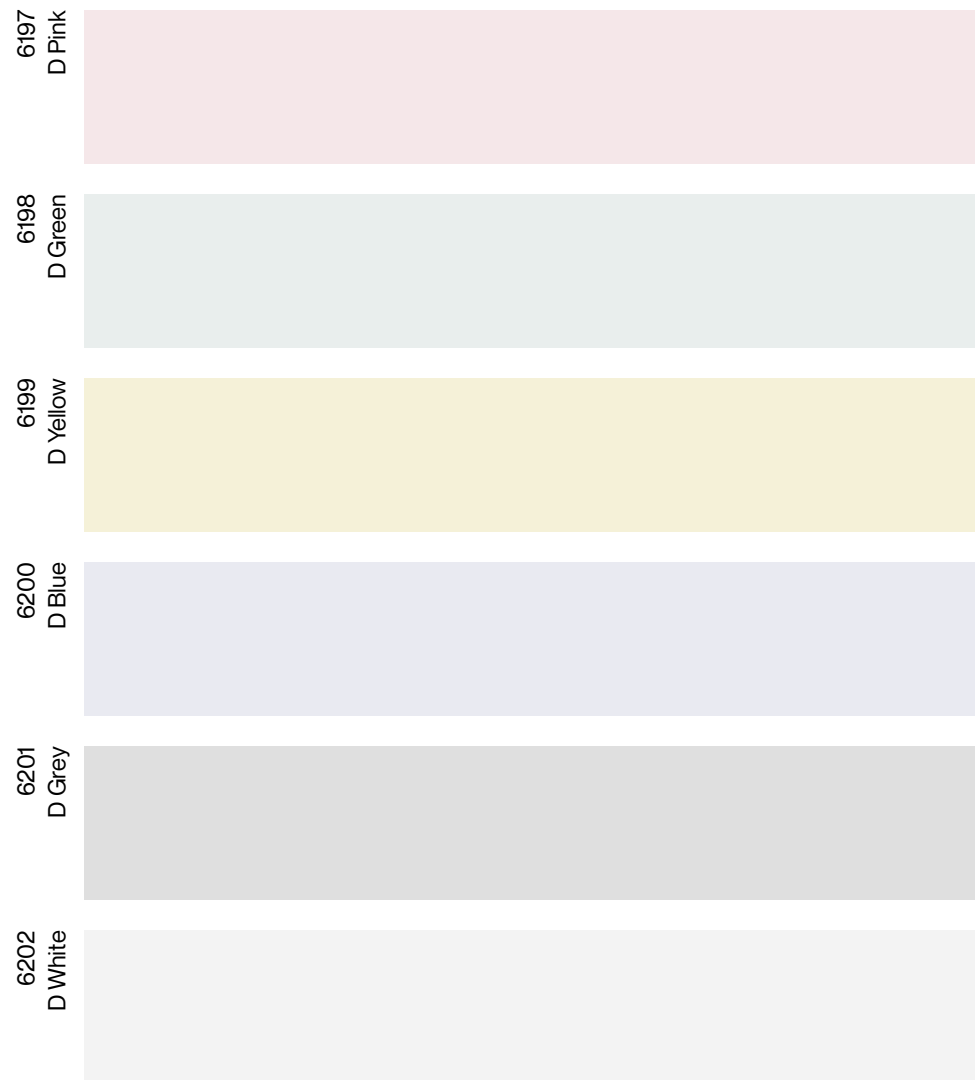

CHI Diafos提供六种现代纯色的颜色选择: 粉色, 蓝色, 绿色, 黄色, 灰色和白色.

ENG Diafos is available in a palette of six contemporary, solid pastel colours: pink, blue, green, yellow, grey and white.

CHI Diafos是以下家庭的最佳选择解决方案: 办公室, 家居, 滑动门, 隔断. 通常用于门, 隔断, 适用于所有你愿意享受过滤光, 间接光的情景.

ENG Diafos is the optimal solution for the home, the office, the contract, for sliding doors, partitions and, in general, for all situations where you want to enjoy filtered and indirect light.

## 颜色 Colours

CHI 如所有Abet Laminati普丽®的产品一样, Diafos 也可以基于设计师图纸进行数码定.

ENG Like all Abet laminates, Diafos can be also customised by digital printing based on the designer's drawing.

CHI 所有Abet表面都可以用图像, 颜色和纹理定制. 新的 Abet“数字工厂”提供量身定制的服务和许多解决方案 (从图像打印到表面处理), 确保最高的灵活精湛的制作工艺和极佳的美学张力. Diafos也可以通过印刷进行定制, 使光与物质之间的关系焕然一新.

ENG All Abet surfaces can be customised with images, colours and textures. The new Abet “Digital Factory” offers a tailored service and many solutions (from the object to print to the surface finishes), ensuring the highest flexibility in production and a great aesthetic impact.

Diafos can be also customised by digital printing, giving new shape to the relationship between light and matter.
